Kassandra was not injured and had no reason to believe any bullets entered her apartment. Kassandra did not hear anything happening during the night because she was watching television. They both described numerous incidents of loud arguing and yelling coming from the apartment. They also stated they have seen the female subject, later identified as Rachel Hansen, from time to time walking to and from the apartment, however, they mentioned several times that they have seen multiple men coming in and out of the apartment. [REDACTED] stated she felt drug sales were occurring at the apartment due to the amount of different men visiting and the strong odor of marijuana from the apartment.

Both [REDACTED] stated they have only seen one man multiple times coming in and out of the apartment, who they described as a [REDACTED]. Narrative:

On June 6, 2022 at approximately 1136 hours, I assisted Det. Hernandez in follow-up investigation in relation to this case. Det. Hernandez and I conducted follow-up at 15012 South Airport Road in Buckeye, AZ, to obtain further information regarding a horse that was in contract between Rachel and

██████████. Leads in this case provided Rachel's horse was potentially auctioned in Buckeye, AZ at the listed address.

Det. Hernandez obtained and provided me with the "master lists" of horses in the months of April and May, regarding horses purchased and sold on the first Saturday of every month at the Auction. These lists were scanned using the Microsoft Lens application on my work phone and emailed to my work email for upload to evidence.com.

**

At a later time, I assisted in drafting a warrant to Meta Platforms Inc., Facebook's parent company, for content in relation to ██████████, Rachel Hansen, and ██████████. ██████████ Rachel's respective Facebook profiles were located, however, at the time of this report, ██████████ Facebook profile could not be found. Follow-up investigation regarding the location of this profile will be conducted at a later time. A preservation

request was submitted to Meta Platforms Inc., for ██████████ and Rachel Hansen's respective accounts under request #6994280.

This concludes my involvement at this time.

Supplement Report:

On 6/4/2022 at approximately 0415, I was contacted by Traffic Supervisor Sgt. Hoyt reference a shooting investigation. Sgt. Hoyt advised the Traffic Investigation Unit was being requested to assist the Investigations Section with diagramming a crime scene located at [REDACTED]. Due to being off duty at the time, I responded to the scene after collecting the necessary equipment needed from the station.

Upon my arrival at the location, I observed several patrol officers within the apartment complex. I contacted Det. Frerer who advised he was conducting a

shooting investigation that occurred in apartment [REDACTED]. Det. Frerer requested I assist by scanning the crime scene, which included the entire one-bedroom apartment and various items of evidence. Det. Frerer walked me through the crime scene, pointing out various items of evidentiary value.

I then used the department's FARO 3D scanner to conduct nine scans of the crime scene, capturing all involved items of evidence. Once I had completed the scans, I exited and cleared the crime scene.

On 6/6/2022, I used the department FARO Scene software to process the raw scan data and create a Scene 2Go file that could be used to conduct measurements within the crime scene. I uploaded the raw scan data and a copy of Scene 2GO onto evidence.com.

This concludes my involvement in this investigation.

SUPPLEMENTAL NARRATIVE

On 06-06-2022 at approximately 0800 hours, Sergeant Halliday contacted me via phone and requested my assistance with this investigation. At approximately 0930 hours, I attended a CID meeting at the Gilbert Police Department where I was briefed on the initial information gathered and the current status of the investigation into the shooting death of Rachel Hansen, which occurred at her listed Gilbert, AZ apartment on 06-04-2022 at [REDACTED].

After the briefing, I was tasked with following up with [REDACTED], who was a resident at the listed apartment complex and previously provided investigators with front door Ring footage of the walkway adjacent to the entrance to Rachel's first-floor garage unit [REDACTED]. I contacted [REDACTED] via phone

and requested she provide me with every motion activity event recorded with her camera on 06-03-2022 and 06-04-2022. [REDACTED] provided me with links to 101 mp4 video files, varying in length, from the requested dates. All provided videos were later uploaded to Evidence.com.

During this investigation, prior to my involvement, multiple tips were submitted to Gilbert Police by citizens referencing possible leads in this case. One tip was provided by a woman named [REDACTED] via Snapchat regarding Rachel's death. [REDACTED] reportedly told [REDACTED] friend, [REDACTED] via [REDACTED] she knew who

killed Rachel. I contacted [REDACTED] through a phone number for her provided in the online tip. [REDACTED] provided me with [REDACTED]'s phone number [REDACTED] and informed me she, [REDACTED], and Rachel all hung out together in high school. Further, [REDACTED] told me Rachel and [REDACTED] worked together at the same equine facility and rode horses together. This concluded my phone conversation with [REDACTED].

I then researched multiple phone numbers of investigative leads provided by Gilbert Police crime analysts. I utilized [REDACTED] and identified seven wireless phone numbers serviced by Verizon and T-Mobile. I drafted preservation letters which were submitted electronically to each carrier for the following numbers:

All preservation letters were uploaded to Evidence.com.

This concluded my involvement in this case at this time. Further involvement from this investigator will be documented in additional supplements.

The female who was later identified as Rachel Hansen was pronounced deceased at approximately 0512 hours by hospital personal. Upon

arrival I assisted Detective Catanzaro with canvassing the complex for possible video surveillance and was able to locate a ring door camera placed on an apartment door in front of the victim's garage door. We contacted the resident of the apartment who was able to pull up video surveillance of what appeared to be the victim coming in and out of her detached garage on several occasions throughout the last week. The last time the victim was seen on the video was on June 3, 2022 at approximately 2115 hours with another unknown subject walking to the east on the first-floor hall. Riley advised the victim was the only person named on the lease and she had moved into the apartment on 6/1/2021 with her lease ending on 8/21/2022. Riley

then proceeded to tell me that she had some information about some odd behavior other tenants observed a few days prior. Riley stated she received a noise complaint from apartment [REDACTED] which is directly below the victim's apartment. The tenant (NFI) below stated on 5/31/22 they were hearing multiple male voice upstairs being loud and one female who seemed to upset and yelling. Riley

traveled over to apartment [REDACTED] and confirmed what the tenants were hearing and heard the same thing. Riley alongside the downstairs tenants walked up to the third floor and in the stairwell, they saw a male described as a white male in his late teen's early 20's, approximately 5'10 to 6'0, chubby build, and dark hair walking down the stairs. The male was carrying a box and was being yelled

at by the what appeared to be the males in the victim's apartment. Riley stated the male in the stairwell when he walked passed her smelled strongly of marijuana. Riley decided not to confront the subject and instead called police to take care of the problem. Police later arrived and knocked on the door but there was no answer and left shortly after. On 6/1/22, there was maintenance a request that needed to be fulfilled at the victim's apartment for a broken light bulb. The maintenance aid (NFI) went to the victim's apartment and

attempted to open the door with the spare maintenance key but had seen the lock had been changed. The maintenance personnel advised Riley and she went up to contact the victim and when she got to the apartment door, the victim appeared from the apartment and apologized for changing the door lock and she did so because someone [REDACTED]. Riley did not ask further questions and advised she had to provide the complex with a spare key

CALL OUT

On 6/4/2022 at 0245 hours, I was called out to assist with this case by Sergeant Halliday. I was advised a female with a gunshot wound had been taken to Chandler Regional Medical Center and it was unclear how she sustained the wound. I was tasked with responding to the hospital where Officer Valdez and the victim were located.

CHANDLER REGIONAL MEDICAL CENTER

I arrived at the hospital and learned the victim, later identified to me verbally by Officer Valdez as Rachel Hansen, was currently in surgery. Specifically, she was in room OR#13. I spoke with the staff in the Emergency Room regarding Rachel's clothing that would have been with her when she

arrived. The staff indicated the clothing had gone to the OR with Rachel. I was assisted by emergency room staff through the restricted access points and made my way to OR #13 where I met with Officer Valdez. Officer Valdez indicated surgeons were attempting to repair the injuries to Rachel and there was no indication of her status from physicians. Both Officer Valdez and I were not permitted into the operating room but we remained in the hallway outside the room.

I remained at this location outside the operating room until approximately 0530. Physicians in the OR indicated Rachel had been declared deceased at 0512

hours despite their efforts. [REDACTED]

[REDACTED] I contacted

Sergeant Halliday to advise him of the status of the life saving efforts. I was then tasked with contacting the Maricopa County Medical Examiner's Office.

At 0544 hours, I contacted Yasmin Espinoza #87 with the Medical Examiner's Office. By this time, the hospital had already contact Espinoza who had assigned case number 2022-05795. I answered Espinoza's questions and concluded my contact with her. Officer Liban, Moreno and Det. Catanzaro had arrived at

the hospital to obtain photographs of Rachel's body prior to the arrival of the medical examiner. I met with them and escorted them with the assistance of hospital staff to the OR where Rachel's body was still located.

Once I arrived at room OR#13 I noted Rachel's body had been placed inside a body bag and was lying on a hospital bed. The bag was held closed with a hospital issue identification tag which was tied with string to the zippers of the bag. Officer Liban removed the identification tag and opened the bag. I assisted Officer Liban as she collected photographs of Rachel's body. I noted Rachel was unclothed, with surgical coverings over her upper abdomen and lower chest. A foley catheter collection bag was located covering her groin. It was

difficult to see most of her torso and abdomen due to the surgical coverings. I did note that on the left side of the abdominal surgical covering, outside of

the incision line created by medical staff, there appeared to be the outline of another laceration. This laceration appeared to be a [REDACTED]. Rachel's body was not rolled to obtain photos of the back during this process. A red plastic identification bracelet had been placed by hospital staff around Rachel's right ankle. An identification tag like the one that was attached to zippers of the body bag was tied around her right big toe.

Once Officer Liban had completed taking photographs, the body bag was zipped closed and I re-applied the identification tag through both zippers of the bag. Rachel's body was then taken to the holding area of the hospital by Security and secured until the medical examiner arrived.

I again questioned the operating room staff about any clothing that was with Rachel when she arrived in the operating room. [REDACTED]

Rachel to the hospital [REDACTED]. The crew advised him they had not removed the clothing during their time with Rachel. It became apparent that Rachel's clothing was not able to be located at this time. I later contacted the hospital security to attempt to locate the clothes and was advised that any waste or items related to Rachel's care and treatment had been disposed of in a trash compactor and was no longer available to be searched.

After leaving the hospital, I was tasked with notifying Rachel's family that she was deceased. Through databases, it was learned that Todd and Kimberly Hansen were her parents and their address was located within Gilbert. I traveled to the Hansen residence located at [REDACTED]

Officer Montgomery met me at this location, and we contacted Todd Hansen at the front door.

INTERVIEW WITH TODD HANSEN:

I asked Todd if his daughter was Rachel Hansen and he confirmed this. He stated, "Oh dear god what happened now?". I asked him if we could speak inside and he invited us in. Todd asked to put on clothes before speaking with us and I waited until he had done so before sitting down at the large dining room table in the residence. I asked Todd if Kimberly was available to speak with us as well, but he indicated she was out of state visiting relatives. I confirmed with Todd, Rachel's date of birth and explained to him that Rachel was deceased. Todd was shocked and became visibly upset.

Todd asked me what happened, and I provided limited details about the situation. Todd asked if there was a gun at the apartment and I told him I did not know. Todd began to explain that last Friday (5/27/2022), police came to his house to do a welfare check on Rachel after they received information that she may be suicidal (GI22-40426). Officers did not locate her at the residence, and she was later determined to be in a hotel in Sedona. Sedona Police Department was contacted to conduct a welfare check and reportedly discovered her at the hotel with a gun. Todd said Rachel was reportedly suicidal and Sedona Police convinced her to seek treatment at Verde Valley Medical Center. Todd said Rachel was transferred to Copper Springs Wellness in Gilbert and

remained at this facility until Wednesday (6/1/2022). I asked Todd where Rachel's gun was located, and he indicated he believed Sedona Police still had her gun impounded unless Rachel drove up there sometime after Wednesday and picked it up.

Todd explained that Rachel was working and living at a horse property in Queen Creek and was recently told by the owners of the property they could not pay her for the month of June. Additionally, they asked her to move out of the casita she had been living in on the property. Todd said this caused Rachel to become depressed and likely led to her suicidal ideations on Friday.

Todd continued telling me that he and Rachel's fiance, [REDACTED] [REDACTED] moved Rachel's belongings out of the casita into the family's garage while Rachel was in treatment at Copper Springs. According to Todd, Rachel was released from Copper Springs on Wednesday 6/2/2022 and had begun moving into her apartment at [REDACTED]. Todd continued explaining that there was an ongoing dispute between Rachel and two females named [REDACTED]

[REDACTED] Rachel's horse "Dash". The dispute revolved around her mare "Dash" in which an agreement to artificially inseminate "Dash" to produce a foal was reached. As a result, Todd believed the owners of the horse property were holding Rachel's horse "ransom" for "\$5,000". He indicated he communicated with an attorney representing the [REDACTED] (Mike A. Able) to attempt to understand the situation but to his knowledge, the issue had not been resolved. Todd provided several documents which included invoices for services rendered to "Dash" (Breeding contact, veterinary care) and correspondence he had with Mr. Able.

I asked Todd if Rachel has ever been formally diagnosed with mental health disorders. He indicated that in her teens, Rachel sought some treatment for mental health related disorders, but he was unclear what type. He indicated mental health professionals wanted Rachel to take medications, but she refused to take them. I asked Todd what Rachel's mental state was once she left Copper Springs on Wednesday. He stated, "It went downhill". He explained that she became depressed about the horse situation and was struggling with the potential loss of her horse.

Todd reported that within the last couple days, Rachel had moved herself into the apartment. According to Todd, Rachel's "good friend in the horse world" he

later identified as [REDACTED] (NFI), along with a male he did not know used their one-ton dully pickup truck to move Rachel's bed to her apartment between Wednesday and Saturday. I later learned that Rachel had leased the apartment in June of 2021 but had sub-leased the apartment to an unknown party(s) while she lived in the casita in Queen Creek. Once she was told to vacate the casita, she terminated the sub-lease and intended to move back into the apartment.

Todd indicated he texted Rachel on Thursday afternoon telling her that she had food in the refrigerator from her house and that her stuff was in the garage. According to Todd she responded with "Thank you" and that was the last time he spoke with Rachel. Todd indicated Rachel stopped by the house for about a half hour on Friday, but this was reported to him by his son Josh (NFI) as he was not home when she stopped by. Todd said he has had very little contact with Rachel and suggested she had likely contacted Kimberly more frequently.

I asked Todd what Rachel's relationship with [REDACTED] was like. Todd suggested it was good and reiterated that he and [REDACTED] had moved Rachel's things from the casita in Queen Creek together. Todd relayed that Rachel had informed Kimberly recently that she and [REDACTED] had "broken up". Todd said he spoke with [REDACTED] on Thursday (6/2/22) via text message whereby [REDACTED] indicated he had called off the engagement so that he and Rachel can "do some self-healing".

I asked Todd if Rachel had any issues with anyone else. He reiterated that she was dealing with the "horse thing" and [REDACTED] and [REDACTED] were involved in that dispute. He provided a phone number for [REDACTED] but did not have much additional information on [REDACTED].

Todd related that the firearm Rachel owned had been given or sold to Rachel by either [REDACTED]. Todd said he was told by the Sedona PD officer he spoke to about the gun, that the gun Rachel reportedly owned was a "ghost gun". Todd indicated he had one of the magazines to Rachel's gun that was found in her vehicle when [REDACTED] brought the car back from Sedona. He retrieved the magazine and showed it to me. I noted the magazine appeared to belong to a 9mm handgun. There were no bullets in the magazine when I observed it and the magazine was left with Todd. Todd said he spoke with Rachel about transferring the gun to him so he could pick it up and store in his safe but Rachel refused

to transfer it claiming she needed a gun for protection when she moved into the apartment complex.

I asked Todd if he was willing to take possession of [REDACTED] discovered at the apartment. He indicated [REDACTED] belonged to [REDACTED] and he would temporarily take [REDACTED]. He further explained that he would not be able to go to the apartment and retrieve [REDACTED] due to the circumstances and I arraigned to have [REDACTED] brought to Todd which he was appreciative of.

Todd confirmed [REDACTED] phone number [REDACTED] and both his and Kimberly's identifying information. I answered Todd's remaining questions and advised him I would pass his information to the lead detective for additional contact and updates. I concluded my contact with Todd and traveled to the apartment complex to meet with other detectives.

I arrived at the apartment and spoke with Det. Frerer providing him a summary of the information Todd had relayed. I was tasked with assisting Officer Martin in transporting [REDACTED] on the balcony of the apartment to Todd's residence. Once the search of the apartment was completed and all collected evidence was removed, Officer Martin and I obtained [REDACTED] and transported them to Todd. I spoke with Todd briefly and informed him we were continuing to work on this investigation. He thanked me and I turned [REDACTED] over to Todd.

This concluded my involvement with this case. I later uploaded the documents Todd provided and my audio recorded conversation with Todd via Evidence.com.

SUPPLEMENTAL NARRATIVE:

On 06/04/2022 at approximately 0208 hours, I was dispatched to the listed Gilbert apartment reference a shooting victim. Call notes stated a female subject was shot and the suspect had left. While travelling to the location, little information was known about the incident due to the caller beginning to lose consciousness while speaking on the phone.

On arrival, officers had already arrived on scene and conducted a safety sweep to ensure no other persons were located within the apartment and began providing medical aid to the caller, later identified as Rachel Hansen. Due to the unknown circumstances and high potential of safety concerns with an outstanding shooting suspect, I observed the surrounding area for any persons nearby to ensure the area was safe for Gilbert Fire to arrive and provide treatment. I entered the listed apartment briefly to ensure no additional resources were needed inside before returning to the stair area to ensure safe passage for medical personnel. Once Gilbert Fire was safely inside the apartment and other officers tasked with protecting their travel path, I was assigned to gathering any possible information or intelligence related to Rachel or her apartment. I remained on scene in this capacity searching Gilbert PD report servers, calls for service, and other police resources in an attempt to learn any additional constructive information which may be useful to the shooting investigation. I provided all information collected to supervisors on scene and detectives on their arrival before clearing from the area.

CSS EVIDENCE SUPPLEMENT:

On 06/04/2022 at approximately 0527 hours, I was requested by Sgt.

Halliday to respond back to the listed Gilbert apartment to further assist with the shooting investigation as a Crime Scene Specialist (CSS). At approximately

A total of three hundred and thirty (330) photographs were taken at the listed apartment and of evidentiary items.

I secured from the location at approximately 0527 hours.

The scene photographs were uploaded into Evidence.com under the appropriate case number.

FOLLOW UP WITH MURPHY'S HORSE AUCTION/ BUCKEYE ARIZONA

On June 6, 2022, while briefing up the status of the case, it was learned through speaking to the victim's family members, social media, and multiple online tips being received that the victim was business partners with a woman named [REDACTED]. Rachel and [REDACTED] invested in and worked at an equine business in San Tan Valley, AZ. While working, Rachel also interacted with a male named [REDACTED], who was a mutual friend of hers and [REDACTED]s.

During the course of business dealings, Rachel became engaged in a legal dispute over [REDACTED] claiming Rachel had unpaid fees for the insemination of a horse (eleven year old buckskinned mare named "Dash Dunnit Hollywood") which belonged to Rachel. [REDACTED] attorney corresponded with Rachel and threatened legal action against her related to the dispute. Additionally, it was discovered that Rachel's horse was removed from the business property and Rachel electronically corresponded with [REDACTED] about the horse's whereabouts. [REDACTED] admitted to Rachel that he moved her horse and the indicated the horse was being held pending receipt of the payment Rachel allegedly owed.

Based on the abovementioned information and similar looking horses being observed at a local auction, it determined to follow up with a horse auctioning company based in Buckeye.

At approximately 1215 hours, Det Liban and I arrived at the Murphy's Livestock Auction, located at 15012 S Airport Rd, Buckeye, AZ. We spoke with the owner's father, identified as Michael Murphy, and he led us into the office where he allowed us to look over the auction ledgers for the past two months. Michael advised that they hold auctions every first Saturday of the month and kept every horse and seller's information on record.

I looked over the legers for both months and only observed one buckskinned horse but observed it to be a gelding (castrated male horse). I also spoke

The owner of the business, identified as Shawn Murphy, later called me to confirm that he had never done business with [REDACTED] and hadn't had a horse resembling Rachel's come through his auction during the time in question. I was provided the ledgers from the two previous auctions and later provided them to the case detective.

***SEARCH WARRANT PROCESS FOR T-MOBILE [REDACTED] / [REDACTED] ***

During the course of the investigation it was discovered that Rachel sublet her apartment out to [REDACTED] in October 2021 using her Facebook account. Rachel ended up evicting [REDACTED] and another unidentified male tenant on May 31, 2022 due to non-payment. After the renters moved out, Rachel moved back into the apartment on June 1, 2022. On June 2, 2022, Rachel texted her boyfriend telling him she was awakened by someone opening her bedroom door and looking in at her. She woke up and observed the unknown subject close her bedroom door and leave the apartment. Rachel got out of bed to see who was inside her apartment, but no one was there, and the front door was closed. A jar of pickles was left on her kitchen counter that she did not purchase or place there.

On June 4, 2022 at approximately 0256 hours, I responded to a call for service at the listed address as a Crime Scene Specialist. When I arrived on scene, I

was briefed on the incident and took photographs outside the apartment door and awaited the execution of a search warrant on the listed address. While I was

waiting, I was informed the victim, identified as Rachel Hansen, was pronounced

dead at the Chandler Regional Hospital. I was then assigned to take photographs at Chandler Regional Hospital.

I arrived at the hospital at approximately 0545 hours, I arrived at Chandler Regional Hospital with Detective Catanzaro and Detective Medrano and located the decedent, Rachel, in operating room #13. Rachel was already placed and sealed in a hospital provided body bag. Photographs were taken of Rachel, to include her side profile and on set photographs of her face, her hands, and

overalls of her body. While taking photographs, [REDACTED]

[REDACTED] I also took photographs of the seals and toe tags applied by Chandler Regional Hospital staff before resealing the body bag for the Office of the Medical Examiner.

After collecting these photographs, Det. Catanzaro, Det. Moreno, and I drove to the In and Out restaurant located at 2449 South Market Street, Gilbert, AZ 85295, at approximately 0700 hours for follow-up on an In and Out receipt located during the execution of the search warrant. When we arrived on scene,

we motioned to an employee inside the restaurant. The employee came to the door

and informed us a manager with video surveillance access would be available and

On June 10, 2022, I received correspondence from Meta Platforms, Inc., regarding the previously served warrant, [REDACTED]. Meta Platforms, Inc., advised they had rejected the service of the warrant due to the low quality of the PDF form, making it "illegible".

I printed a copy of the granted warrant and a copy of the original search warrant paperwork submitted to the Maricopa County Superior Court for legibility. I then informed Facebook through electronic correspondence, that I had submitted the granted warrant and the original document for clarification.

SUPPLEMENT

On 6/4/22 at approximately 0230 hours, I was assigned as the TDY Sergeant of the Gilbert Police Department Violent Crimes Unit (VCU). Sgt. Kobziak contacted me via telephone and advised of a shooting investigation that was on-going at [REDACTED] Gilbert (Redstone). The victim, later identified as Rachel Hansen (19), called 911 and reported an unknown person [REDACTED]. At the time of the call, Rachel was being transported to Chandler Regional Medical Center. Officers were at the apartment waiting for Investigations personnel to respond. It should be noted that information was obtained that Rachel previously threatened suicide with a gun, however no firearm was immediately found at the apartment.

I contacted Det. Frerer (VCU) and assigned him as lead investigator. I

contacted Det. Wilson (Family Violence Unit FVU) and assigned him to respond to the hospital to check the status of the victim. I contacted Det. Catanzaro

(Special Victims Unit SVU) and requested he respond to the scene to assist Det. Frerer.

While driving to the apartment, I contacted Gilbert Police Communications and requested a copy of the 911 audio be emailed to my work email. The audio was provided to Det. Frerer and later uploaded into Evidence.com.

Upon arrival at the apartment, Sgt. Kobziak and Lt. McFarland provided

information regarding the Patrol response and Sgt. Kobziak conducted a walkthru of the apartment. Based on the information provided, I advised Det. Frerer to write a search warrant for the apartment. I advised Det. Catanzaro to conduct a canvass of the apartment building for any cameras and/or witnesses. Please refer to his supplement for further.

While waiting for the search warrant, Det. Wilson contacted me via telephone and advised Rachel was pronounced as deceased. He advised further that the hospital staff was not able to locate her clothing. Please refer to his supplement for further.

Once the warrant was granted, I contacted Det. Rohr (Digital Forensics Unit DFU) and requested he respond to the scene to conduct a forensic download of Rachel's cellphone. Please refer to his supplement for further.

I remained on scene during the course of the investigation. Please refer to Det. Frerer's supplement for further regarding scene observations.

██████████ provided me with the Facebook messenger communication between Rachael and a female named ██████████. ██████████ was the female who had sublet Rachael's apartment. ██████████ did not know the details of the business deal between Rachael and ██████████.

On June 3, 2022, ██████████ stayed with Rachael at her apartment most of the night. He stated he went home around midnight. While spending time with Rachael, he said the two of them went swimming at the apartment's pool. ██████████ and Rachael were observed on Ring video walking towards the pool area earlier in the day. As ██████████ was leaving to go home, he told Rachael to lock the apartment door behind him, and she told him she would.

██████████ said Rachael owned a handgun, and she told him it was for protection.

██████████ was not aware of anyone who was after Rachael and did not believe anyone was threatening her.

Due to ██████████ being distraught about the death of his girlfriend, a second interview will be set for a later date.

NARRATIVE:

On June 27, 2022, Detective Canfield and I conducted follow-up regarding this investigation:

At approximately 1008 hours, I attempted to contact [REDACTED] using three known phone numbers for him. The first phone number, I attempted to call, [REDACTED], rang and had an automated message stating the phone number had been "disconnected or not in service". At 1013 hours, I attempted to call the second phone number I had listed for him, [REDACTED]. When I called, there was no ringing and a busy tone played briefly before automatically disconnecting. I called the third number shortly after, [REDACTED], which rang and had an automated message stating the phone number had been "disconnected or not in service". After being unable to contact [REDACTED] by phone, I determined I would attempt to contact [REDACTED] in person.

*

I was asked to conduct an interview with [REDACTED], the original owner of the [REDACTED]. I attempted to contact her at

her known Chandler residence, [REDACTED]. When I arrived on scene, I made contact with a female subject, identified verbally as [REDACTED]

[REDACTED] mother. [REDACTED] stated she

would be back home around 1230 hours. Due to additional follow-up, I texted [REDACTED] using my department issued work phone and asked her what the best time would be to follow-up with her in person. At approximately 1309 hours, I received a message back from [REDACTED] stating the following:

"Hello Mrs. Liban, I do apologize I'm not able to help I lost my job and have to do these deliveries to try and make ends meet to be able to pay my bills and take care of my children. Please understand and again I apologize."

*

After being unable to speak with [REDACTED] Detective Canfield and I attempted to contact [REDACTED] at one of two, known residences. At approximately 1149 hours, we arrived at [REDACTED] to attempt to contact [REDACTED]. When we arrived at the residence, it appeared there were no vehicles in the driveway or in the street, in relation to the home. As I made my way up to the front door, I observed what appeared to be a Ring brand camera over the driveway of the residence and a Ring doorbell camera. I attempted to contact [REDACTED] at the residence but it did not appear anyone was home.

I then decided to attempt contact with [REDACTED] at his Mesa residence, [REDACTED] [REDACTED] Detective Canfield and I arrived at the apartment at approximately 1630 hours, and attempted contact at the door. Negative contact was made with [REDACTED] at this address and Detective Canfield left a card in the door.

This concludes my involvement in this case.

together, and Rachel lived in the casita on [REDACTED] until June 2022.

Rachel owned a female horse and brought it to [REDACTED] property to house it. [REDACTED] and Rachel agreed to have Rachel's horse impregnated. [REDACTED] would pay for the cost of the breeding of Rachel's horse and some money. In exchange,

[REDACTED] would get the horse's foal. After Rachel moved out from the casita there was a dispute between [REDACTED] and Rachel regarding breeding the horse.

While on the property, Rachel was not keeping up with the agreement regarding training the horses. Rachel also caused approximately ten thousand dollars' worth of damage to a horse trailer owned by [REDACTED]. [REDACTED] told Rachel she would allow her to live in the casita until June 2022, and her training services would no longer be needed. [REDACTED] stated on May 24, 2022, Rachel became depressed and suicidal. On May 27, 2022, Rachel called [REDACTED] and was making suicidal threats. Rachel had her 9mm handgun with her and drove to Sedona. [REDACTED] were present when Rachel called [REDACTED]. All three of them called 911 after hearing Rachel making suicidal statements and her racking the gun over the phone. Sedona police were able to locate Rachel and placed her in a mental health facility for her suicidal threats.

Sedona's 911 audio and police vehicle camera footage were obtained and uploaded to evidence.com.

The 911 audio is consistent with the statements both [REDACTED] made. [REDACTED] did not have any further interaction after Rachel moved out of the casita.

At the end of our interview, [REDACTED] was asked if she had any information she believed to be important that was not discussed, and [REDACTED] stated she did. [REDACTED] went on to say that while at Dr. Casterton's equine veterinarian's office ([REDACTED]'s Horse Vet), Dr. Casterton commented on Rachel. Dr. Casterton

told [REDACTED] he was attending a continuing education dinner for veterinarians on June 1, 2022. While at the dinner, he observed Rachel Hansen with [REDACTED]. Dr. Casterton thought that to be strange because veterinarians usually bring their spouses to these dinners. [REDACTED] was married, but his wife was not at dinner.

On May 24, 2022, [REDACTED] was notified that Rachel had a "panic attack." [REDACTED] stated Rachel thought of her as the motherly type, and Rachel would share her feelings with [REDACTED]. After being told about Rachel's panic attack, she left work and went to [REDACTED]s to talk to her. Sometime earlier, Rachel had been hurt by one of the horses she was training and received a cut on one of her hands. At this time, [REDACTED] advised Rachel she would be allowed to continue to train the horses until June then, [REDACTED] would hire another trainer to finish their training. Rachel appeared to be calm when she was told about training the horses until June, but according to [REDACTED], Rachel seemed to become very aggressive with the horse she was training this day.

On May 26, 2022, [REDACTED] informed [REDACTED] about the damage to the horse trailer. When Rachel was confronted about the trailer damage, she blamed the damage on another trainer. The damage to the trailer occurred when Rachel was transporting horses to Scottsdale.

On May 27, 2022. [REDACTED] told Rachel that she and [REDACTED] would not be paying her for the June horse training sessions due to the trailer damage and the associated cost. Later the same day, Rachel called [REDACTED] telling her she had another "panic attack." [REDACTED] went to the property, and Rachel had

locked herself inside the casita. [REDACTED] asked [REDACTED] to go inside and check on Rachel. Rachel was found lying on her bed with a bottle of pain pills lying next to her. Rachel was calm and did not make suicidal statements until later that day. Rachel's mother came to the casita, and Rachel left with her. Later Rachel texted [REDACTED] and told her she would commit suicide in Sedona. [REDACTED], [REDACTED] and [REDACTED] called Sedona Police to report the suicidal threats. [REDACTED] contacted Rachel's mother, Kim Hansen, and Kim told [REDACTED] that Rachel had had suicidal ideations since she was fourteen.

On May 29, 2022, Rachel's parents came to help her move from the casita; this was the last day Rachel was there.

During Rachel's stay at the casita, she kept to herself. [REDACTED] would spend most nights at the casita. The only other person known to have spent the night was Rachael's friend [REDACTED]. It was reported Rachel was quiet and kept to herself while living at the casita.

On June 28, 2022, at approximately 1257 hours, a search warrant was submitted to the Maricopa County Superior Court for subscriber and messaging details for the Facebook account [REDACTED] belonging to [REDACTED].

At approximately 1546 hours, The Maricopa County Superior Court Commissioner signed the warrant and the following warrant number and date of service are as follows.

[REDACTED], who was confirmed to be the girlfriend of [REDACTED]. I was informed that the GPD Special Assignment Unit (SAU) had taken [REDACTED] into custody to execute a [REDACTED] and that I needed to collect a statement from [REDACTED] regarding her relationship with [REDACTED].

At approximately 1640 hours, Ofc J. Larkin #6006 and I responded to [REDACTED] apartment complex, located at [REDACTED]. We knocked on the front door of Unit # [REDACTED] and a black female opened the door and greeted us. I confirmed with the female that she was [REDACTED] and she also stated that she was [REDACTED] girlfriend. [REDACTED] said she and [REDACTED] had been dating since April 2022, and they had no kids in common.

[REDACTED] confirmed that [REDACTED] resides in [REDACTED] with her and her children. I asked [REDACTED] if [REDACTED] had any belongings inside the apartment and if so,

where at inside the apartment. [REDACTED] said [REDACTED] had several plastic totes containing shoes and miscellaneous clothing items located in the kitchen, but nothing else in the rest of the apartment. I asked [REDACTED] why [REDACTED] didn't have any personal belongings inside the bedroom that he slept in, and she informed me once again that all of his belongings were in plastic totes in their kitchen. [REDACTED] only responded back once again with [REDACTED] belongings being moved out into the kitchen.

I asked [REDACTED] if investigators could have consent to enter her apartment to see if there were any other [REDACTED] had not told her about.

[REDACTED] said investigators had consent to look through the totes in the kitchen but nowhere else inside the apartment. I told [REDACTED] that I wanted to confirm her statement about [REDACTED]'s belonging being removed from within her bedroom as well as be able to look at her personally owned firearm. [REDACTED] said we did not have consent to enter her bedroom and she would bring her firearm out to us to exam in the kitchen. I informed [REDACTED] that I did not feel safe with her going into a room out of my sight to retrieve a firearm and asked her if we could accompany her in the room to make sure she the firearm was unloaded. [REDACTED] said she didn't want investigators in any other room of the apartment, other than the kitchen where [REDACTED] belongings were at.

I asked [REDACTED] if [REDACTED] owned any firearms and she said he owned one firearm, but it and the box it came in was taken by the officers that took him into custody. I asked [REDACTED] what the firearm was, and she said it was a pistol that was black on the bottom and silver on the top. [REDACTED] was unsure

of what brand or caliber the pistol was. I asked [REDACTED] if she owned a firearm and she initially responded with the name "Glock" but then quickly corrected herself and said the brand name "Baretta." [REDACTED] was unsure what caliber the pistol was, but she was the one that it was registered to.

I asked [REDACTED] if [REDACTED] had any family, friends, or have a reason to be in the Town of Gilbert and she told me that he didn't. I asked [REDACTED] if [REDACTED] could have made a trip to Gilbert without her knowing and [REDACTED] said he wouldn't have because he has no reason to be on that side of town. I asked [REDACTED] if she had access to or tracked [REDACTED] cell phone, and she said that she didn't. [REDACTED] said [REDACTED] utilizes government assistance phones and typically swaps SIM cards in and out of them when he gets new ones. It should be noted that this information answered the question of why investigators were unable to identify a provider or account for [REDACTED] phone number.

At that time [REDACTED] father opened the front door, poked his head outside, then closed the door. [REDACTED] then told us that she needed excused herself to go handle something inside the apartment and opened the front door. Before she went inside [REDACTED] asked me if we needed a warrant to go inside her apartment. I informed [REDACTED] that we would if she was not going to give us consent. I informed [REDACTED] that I was speaking with her that day as a courtesy to try to avoid a search warrant being executed at the apartment, if investigators developed further information that would warrant one. I told [REDACTED] that I wanted to be able to say that she cooperated with my investigation that day and helped me rule out her apartment of holding potential items of evidentiary value.

[REDACTED] then changed her tone and told us that she was no longer going to give us consent to come inside her apartment and that we needed to get a search warrant. [REDACTED] relayed no further information to me.

Our contact with [REDACTED] was recorded via Body-Worn-Camera (BWC) and the footage was later uploaded to evidence.com.

On 6/29/22, SAU was advised that ██████████ vehicle was located at ██████████ ██████████ Glendale, AZ; which is an apartment complex. Upon arrival, we parked near his vehicle and waited to see if ██████████ was in the area.

██████████ was seen coming to his vehicle. SAU was able to identify ██████████ by his

MVD photo. Sgt. Peterson was driving an unmarked Dodge minivan and parked the vehicle

behind his. We activated the police siren, making him aware we were the police.

The information provided was that ██████████ usually carried a firearm, had a violent criminal history, and a weapon that at one point was in ██████████. Due to these reasons, when I exited my vehicle I drew my handgun and kept it at the low ready.

██████████ was told to put his hands up, which he immediately did. Sgt. Peterson went up to

██████████ and confirmed his name and DOB, which matched. ██████████ was asked if

Using [REDACTED] all images containing images of a body or body parts were imported into an [REDACTED] project. The images were then black boxed for body/body part redaction. This was done by drawing an annotation shape over the body area and filling in with the color black. All images were exported as .jpeg format. This was chosen because it matched the input container.

All files were then hashed using a hashing algorithm program called [REDACTED]. This is done to show the files identity. While this does not illustrate the contents of a file it does reveal the unique identity of a file. This helps ensure that we know the identity of the files being reviewed.

Then the Redacted images were put into .zip folders and uploaded to evidence.com under id GI22-44122. The folder names are listed below

22-44122 - REDACTED.zip

22-44122_Apt - REDACTED.zip
